food AND (medicine OR water)   Options 🔍

Add a filter ✚

Search for specific data. E.g., Typing 'food' and pressing enter would make all the charts in the dashboard to show stats for only those tweets having the word 'food' in them. In order to make complex searches, 'AND' and 'OR' keywords can be used.

E.g., food AND (medicine OR water) would show only those tweets having 'food' and either of 'medicine' or 'water' in them.

To remove search filter, clear the search bar and press enter.

Turning on this feature would refresh the dashboard continuously based on the chosen time interval.

Refresh Interval

Off			
	5 seconds	1 minute	1 hour
	10 seconds	5 minutes	2 hour
	30 seconds	15 minutes	12 hour
	45 seconds	30 minutes	1 day

Using this, you can select a field and filter values from it. Filters are applied to the entire dashboard.

Label

Optional

Make sure 'Turn on query features' is on, in order to use 'AND' and 'OR' keywords to make complex queries. Else, 'food AND water' may be considered as a single full term to be searched for.
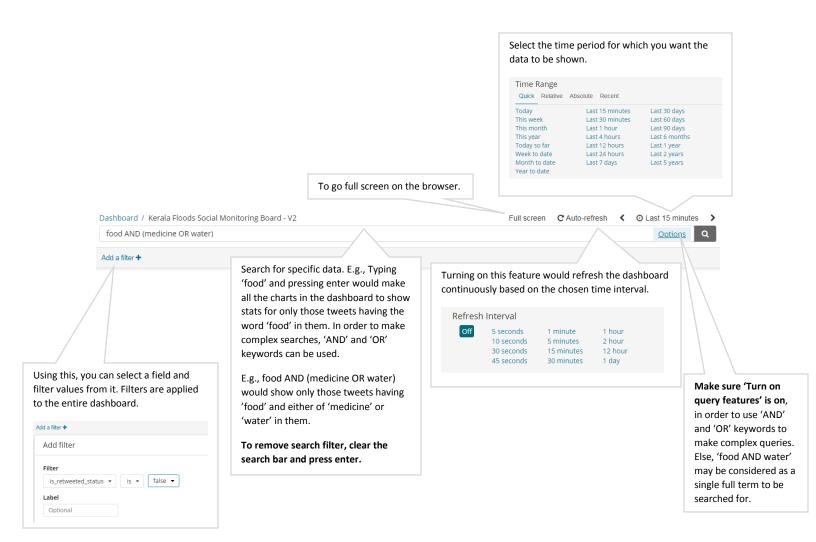

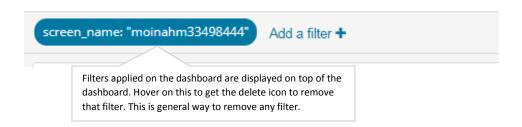

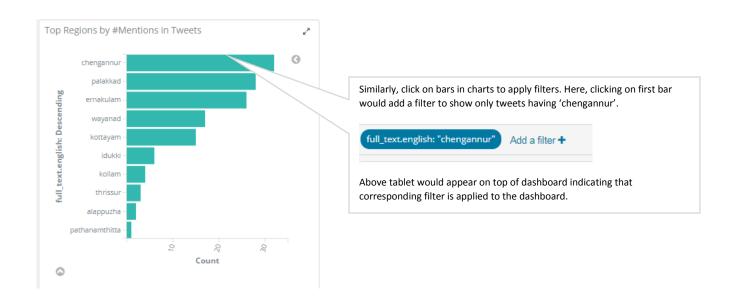

2. Other features in the dashboard,

Clicking on a component (bar/point) of any chart or a value from any table (like list of tweets) would apply that value as a filter to the dashboard.

▶ August 21st 2018, 14:28:10.978	Update on #KeralaFloodRelief : The C-17 aircraft crew is working 24x7 to ensure continued support to Kerala. Today, 100 tons of food & medicines along with 5 tons of water was transported to Kerela. Also, 38 boats & NDRF personnel positioned for Ops. https://t.co/f71wMWIZ94	Super_sshiv 🔍 🔍

Hover on any value in the table to get this zoom icon. Clicking on this would apply that value as a filter for that field. Here, if clicked, screen_name = Super_sshiv would be applied as filter, and only tweets from that screen_name (user profile) would be shown in the entire dashboard.

screen_name: "moinahm33498444"   Add a filter ✚

Filters applied on the dashboard are displayed on top of the dashboard. Hover on this to get the delete icon to remove that filter. This is general way to remove any filter.

Top Regions by #Mentions in Tweets

Similarly, click on bars in charts to apply filters. Here, clicking on first bar would add a filter to show only tweets having 'chengannur'.

full_text.english: "chengannur"   Add a filter ✚

Above tablet would appear on top of dashboard indicating that corresponding filter is applied to the dashboard.

3. Content of the Dashboard.

Data shown in the dashboard is with respect to the search query, filters added and time period selected from the top of the dashboard. Refer previous pages.
